

## What We Value

At Sanctuary House we value the 12-step recovery programs of Alcoholics Anonymous and their cohorts because it has been proven that they work. It is our hope that each guest will use their time at this home to grow fellowship in the program as well as work the 12 steps. It has been our experience that the 12-step recovery program is the best hope of the alcoholic/addict to achieve sobriety and from this grow in a relationship with his or her higher power.

## About Sanctuary

We value the 12-step recovery programs of Alcoholics Anonymous, Narcotics Anonymous and their cohorts because it has been proven that they work. It is our hope that each guest will be able to use their time at this home to grow fellowship in the program as well as work the 12-steps.

It has been our experience that the 12-step recovery program is the best hope of the Alcoholic/Addict to achieve sobriety and from this grow in a relationship with his or her Higher Power.

We are a Christ centered facility and as such ask that all guests would conduct themselves in accordance with Christian values and principles. Being a Christian is not a requirement for being a guest of Sanctuary Homes, nor is it a requirement for AA sobriety.

We respect the rights of each individual, however in the interest of fostering the strongest possible sober foundation we value a Christian living environment.

## Who We Are

Sanctuary House sober living homes can help recovering alcoholics/addicts make a smooth transition back into the flow of their daily lives. We offer care and support for men and women who have either recently completed an addiction treatment program, or need a place to reside while attending an alcohol/drug day treatment center.

Sanctuary House sober living homes open to all individuals who are struggling with addiction. Our facilities are gender specific, but our homes are community-oriented. Our guests are invited to many social events, community gatherings, and 12-step meetings every week.
